**Subject: Dioxin Reassessment - Final Conceptual Site Model,
Final Supplemental Groundwater Tracing Study Work Plan, and
Draft Workplan for Implementation: Decision Unit Plan Sampling and Analysis
Arkwood, Inc. Site, Omaha, Arkansas**

Dear Mr. Tzhone:

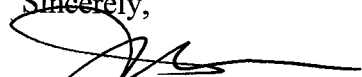

As requested by your July 18, 2014 letter, the Dioxin Reassessment – Revised Conceptual Site Model (CSM) and Supplemental Groundwater Tracing Study Work Plan (Tracing Study Plan) for the Arkwood Superfund, Inc. Site have been revised to incorporate the agencies' comments, as appropriate. The response grids are completed providing our responses to each of the agency comments. A redline of the final CSM and clean versions of the CSM and Tracing Plan Study are attached for your review. A draft Workplan for Implementation: Decision Unit Plan Sampling and Analysis is also attached for your review.

Upon EPA's approval of the CSM, Tracing Study Plan, and Decision Unit Plan Sampling and Analysis, the work will be scheduled for implementation.

I certify that the information contained in or accompanying this submission is true, accurate, and complete to the best of my knowledge, information and belief, and that I, as project coordinator, have made reasonable inquiry into its veracity.

If you have any questions regarding this monthly progress report, please do not hesitate to contact me at (608) 848-4134.

Sincerely,

Jean A. Mescher, Project Coordinator
Sr. Director, Environmental Services
